## Our speakers:

**Ozone Highdose Therapy L1 according to Lahodny**  
**Univ.Doiz.Med.Rat Dr. Johann Lahodny**

Dr. Lahodny is a medical specialist in gynecology, birth assistant and general medicine. He is the inventor and eponym of the ozone highdose therapy L1 / L2 / L3 according to Lahodny. He was head of gynecological birth assistant departments for 31 years and since 1994 he has his own practice and a chair at the University of Vienna. Almost 3 decades he has spent his entire vacation for scientific activities and complementary medical research and education.

**Prolozone Therapy – a technique to relieve pain and regenerate damaged tissues**  
**Dr. Frank Shallenberger**

Dr. Shallenberger is a registered doctor specializing in integrative / alternative medicine. Since 1983 he uses ozone therapeutically. He is the developer of Prolozone® - an injection technique for pain relief and regeneration of damaged tissue. He is President of the American Academy of Ozone Therapy (AAOT) and a respected member of many other ozone organizations. He regularly holds seminars and has published countless scientific papers.

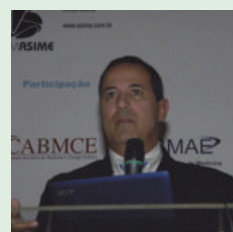

**Scientific Bases of Ozone Therapy. Preclinical and clinical studies**  
**Dr. Silvia Menendez Cepero**

Dr. Menendez is a doctor of chem. Science, research, a specialist in ozone therapy and was until 2011 Head of the Ozone Clinic and Ozone Research Center in Cuba. She is author of more than 50 articles and several books. She has 2 medications registered and a new therapeutic indication. She has shared her ozone knowledge in more than 60 workshops, 130 international congresses and 300 papers. She has been awarded several international and national medals and awards for her work in the field of ozone therapy.

**Aesthetical applications with ozone**  
**Dr. Marcelo De Almeida Valio**

Dr. Valio graduated in medicine at the University of Mogi das Cruzes in 1988. He holds degrees in Orthomolecular Medicine, Aesthetic Surgery and Medicine, as well as Functional Medicine and Biofeedback. He was a supervisor of the Brazilian national teams in water polo, Athletics and Boxing. He is co-author of the books "Charms of maturity" Already since 1998 he works with heart rate variability.

## Our location:

On saturday our International Ozone Workshop will take place at the conference room of the Seehotel in Niedernberg. A charming little village of its own, wonderful nature at a scenic lake make up the charm of this unique hotel.

For the practical part on Sunday we welcome the participants in our own premises in Elsenfeld.
